

tile backer board

Econoboard COATED

Thermonet strongly recommend the use of tile backer board for insulation and stability purposes, simply screw onto timber surfaces using the washers or adhere to screed or concrete using tile adhesive.

Provides a totally water resistant thermal insulation.

Econoboard COATED

STOCK NUMBER	DESCRIPTION	SIZE (M)	EX VAT (EACH)
6106	Econoboard Coated 6mm	1.3 x 0.6	17.76
6110	Econoboard Coated 10mm	1.3 x 0.6	18.60
6112	Econoboard Coated 12mm	1.3 x 0.6	19.44
6120	Econoboard Coated 20mm	1.3 x 0.6	20.36
6130	Econoboard Coated 30mm	1.3 x 0.6	22.60
6140	Econoboard Coated 40mm	1.3 x 0.6	25.12
6150	Econoboard Coated 50mm	1.3 x 0.6	27.88

Accessories

6015	Reinforcing Tape (100mm x 45m)	12.98
6016	Fixing Washers (pk 10)	15.02
6017	32mm Fixing Screws (pk 1000)	14.22

Features

- EXTREMELY EFFECTIVE HEAT INSULATING PROPERTIES
- TOTALLY IMPERVIOUS TO MOISTURE
- FAST-TRACK FLOOR PREPARATION
- REPLACES PLASTERBOARD AND PLYWOOD
- DIMENSIONALLY STABLE
- COMPLETELY ROT PROOF
- CAN BE CUT TO SIZE USING A STANLEY KNIFE

Stonefix Self Levelling Compound 6004

NEW

High quality cement based levelling compound for thicknesses of 1-15mm.

STOCK NO	DESCRIPTION	EX VAT
6004	Stonefix (25kg)	34.96

Self Levelling Compound 6005-6

High quality fibre reinforced levelling compound for thicknesses of 3-50mm.

STOCK NO	DESCRIPTION	EX VAT
6006	Mira X Plan (25kg)	46.80
6005	4180 Primer (1l)	16.68

Stonefix Tile Adhesive 6007-8

NEW

Polymer modified flexible fast set tile adhesive.

STOCK NO	DESCRIPTION	EX VAT
6007	Adhesive Grey (20kg)	25.90
6008	Adhesive White (20kg)	27.90

ECONOBOARD

Econoboard

Thermonet strongly recommend the use of additional insulation to improve the efficiency of any underfloor heating installation. At 10mm thick Thermonet Econoboard offers greatly improved insulation. Thermonet rigid insulation will improve insulation where height build up poses a problem.

In both cases the substrate should be firm and stable enough to tile onto as these boards offer no extra structural benefit.

You will require flexible cement based tile adhesive such as stock no 6009 to adhere Econoboard to the substrate.

Features

- IMPROVES INSULATION
- DECOUPLING LAYER
- MINIMAL HEIGHT BUILD UP
- COMPLETELY ROT PROOF
- CAN BE CUT TO SIZE USING A STANLEY KNIFE

Econoboard

STOCK NUMBER	DESCRIPTION	SIZE (M)	EX VAT
6014	Econoboard 10mm (pk 10)	7.8	87.12
Other sizes and thicknesses are available			POA

FOR MIXING EQUIPMENT SEE PAGE 15

Econofix Adhesive

6009

Polymer modified flexible fast set adhesive suitable for adhering Econoboard.

STOCK NO	DESCRIPTION	EX VAT
6009	Econofix (25kg)	45.30

Roller

6037

NEW

Ensures best adhesion of Econoboard.

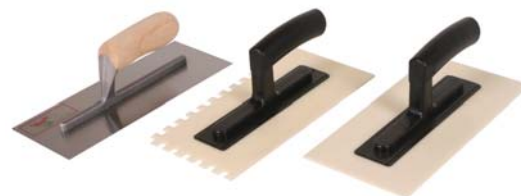

STOCK NO	DESCRIPTION	EX VAT
6037	Roller (15kg)	POA

Plastic Notched Trowel

6018

Plastic Straight Trowel

6019

For safe installation directly onto heatmats.

STOCK NO	DESCRIPTION	EX VAT
6018	Plastic Notched Trowel	5.12
6019	Plastic Straight Trowel	5.12
6021	Metal V Notched Trowel	9.98
