

towel heaters

ThermoRAIL

NEW

Features

Thermorail stainless steel towel heaters are 'dry element' operated for rapid heating and long element life. This increases towel heater efficiency, consuming less energy to maintain the same temperatures under towel.

Thermorail is the perfect complement to Thermonet underfloor heating providing an additional heatsource if the room requires it, to add to the comfort.

100% stainless steel designed and built to last.

- ALL FEATURE LEFT HANDED ELEMENT CONNECTION
- SELF REGULATING
- IP44 RATED
- VDE APPROVED
- 2 FINISHES AVAILABLE - POLISHED / MATT
- DRY ELEMENT - NO FLUIDS

ThermoRAIL
